COMMENCEMENT FOR Belle Glade, June 11

The Board of Public Instruction has set the program for Graduation dates in the county schools. Supt. John Leonard announced that the commencement exercises for Pahokee High will be June 10th, and that of Belle Glade High, June 11th, and the Industrial High at Camp Okeechobee, the evening of June 11th.

EMBRY RIDDLE (Continued from Page 1) \$750,000 plan for this section of the State. The entire community will benefit from its use, as its work will be expanded. Organizations and individuals from Clewiston and Belle Glade have joined hands in their efforts to keep the field from being offered for salvage purposes thru War Assets. Congressman Rogers was instrumental in securing the delay of the sale of facilities through local appeal.

The Rotary Club and the Lions of Belle Glade joined action with the Kiwanis Club of Clewiston in asking for the field and also is requesting similar clubs of each throughout this part of the State to make similar requests to Mr. Overman and other authorities. Requests for individual buildings or other facilities from both Clewiston and Belle Glade were shunted into the background when it was found that it might be secured as a whole for school purposes. Public spirited cooperation of individuals and organizations may be thanked for going after this proposition, which we are sure will be a matter of pride to all citizens of South Florida.

FARMER'S REACH (Continued on page 4) At the close an agreement had been reached as follows, to be placed in effect on Wednesday morning. That Plantiffs, Ten Degrees, Bountiful, and Florida Bells, first picking, 50 cents the hamper, for a full 30 pound hamper by weight, second picking, 60c; and for Black Valentines, 60 and 70c; and certain permitted adjustments in pickings.

The Growers and Packers are working out an agreement between themselves, so that each will have authority from each other in the handling of the produce harvested and presented for shipment. At the loading stands about town, especially on Fifth street, on Wednesday morning, the Labor contractors, announced the new price picking agreement. Loadings were not noticeably decreased, but by noon, a number of deserters from the fields were noticed walking back to their quarters. As the negroes are pretty well organized, and will have time to "talk over" the situation, the labor contractors, are expecting lesser loadings or greater ones which is the question on Thursday morning. Survey shows that there will be pretty general heavy picking of beans starting in next week, and if market prices are any good continuous picking will be the order of the day. Beans offered this week have been low in price, and many car loads rolled out of the local terminal and at Pahokee on consignment. Carloading for week ending March 10, 1948.

JAKE SAYS: Do all your shopping in Belle Glade and ask your Merchants displaying the Treasure Chest Hamper for coupons on your cash purchases. You may be the Lucky Winner next Tuesday—It's Cash in your pocket.

OBSERVATION
 man who knows and is thoroughly sold on Florida. When he starts citing facts and figures, the information pours forth like water from a flowing well. Cole is proud of his state's status. His citations showed that Florida is no poorer state, and that from its native resources and progress in new industrial developments, that it produces millions of dollars worth of products to mankind's productivity, and stands high in the income taxes paid by the state. Grand has seen its past, he sees the future with even greater records. There are but few states who have as many sources of production as Florida, and of diversified nature.
 Florida's citizenship is made up of only 48 per cent native Floridians, the majority have come in from all parts of the world, making it a cosmopolitan state. Its income from fruits, vegetables, fishing, manna, and its income from manufacturing, sugar, mining, cattle and forestry reached a staggering and almost unbelievable sum.

World War II is over so far as fighting is concerned, but other features of the peace program, still shows many indications that are not overly encouraging. Russia's action, and bucking of the UN program, brings a serious situation up, that causes another war cloud to appear on the European horizon, and if this war does come, the U. S. will again be in the midst of the strife up to its neck, and supplying war materials from its national resources.

The past year, Belle Glade, just some of its expansion progress, but now a bit more activity is being indicated. When Belle Glade wants something it usually goes after it in an organized manner, and generally obtains its objective. The Chamber of Commerce quite frequently receives letters and phone inquiries, is to invest, most possibilities here and are usually able to give convincing facts and figures. Tourists who come into our midst visit the Chamber headquarters, and show much evidence in interest in this section. This interest someday may mean investment here.

Junius Harris did a swell and effective job in his two years of service as President of the Chamber of Commerce, one that he can take personally as a mark in the history of the town and body. A very capable successor has been chosen in Henry O. Earwood, who promises to carry on the good work.

California fruit and vegetable operators have been able to gain a lead start on Florida through its trade organizations, which act as separate and co-operative units. If Florida expects to retain its present standing in the produce business, it must get organizations of a similar character and operation. A recent important conference at Orlando has started such a movement rolling, with every indication of meeting with success. California's freight and express rates against those charged for the Southeastern sector of the nation, is what is killing that section. Parity rates demand a movement that is

Chamber of Commerce was the guest speaker, who gave an interesting talk on "Florida, the Blue Ribbon State". Those seated about the banquet table from the Glade were: Mr. and Mrs. Louis Fraum, Mr. and Mrs. Lennie Sturkey, Mr. and Mrs. Clyde Doolittle, Mr. and Mrs. Lee Havens, Mr. and Mrs. Homer Clause, and Messrs. Tom Kirk, John M. Gedhill, Frank Anderson, Nat. Taylor, Roy Vandergift, and Jesse Elliott.

Pahoek "Stars" Elect New Corps Of Officers
 Pahoek Chapter, Order of the Eastern Star, at its annual election of officers, chose the following for service: Worlthy Matson, Mrs. Jennie McKinstry; Worlthy Patron, Elsworth Koon; Associate Matron, Mrs. Josie Barnes; Associate Patron, D. W. Young; Secretary, Mrs. Ruth Carpenter; treasurer, Mrs. Gladys Harrington; Conductress, Mrs. Etta Mae Friend; Associate Conductress, Mrs. Mable Young. The annual installation of officers will be on the evening of March 19th.

The Pahoek chapter, is the mother of Belle Glade chapter, and some of Belle Glade's women still hold membership there. The chapters work co-operatively and on special lodge functions exchange fraternal visits.

"STEER FATTENING"
 Continued From Page One
 If the Tabit animals had been brought for 10c and sold for 12c— which is more nearly normal— we still will show \$127 per acre gross per year on cattle on finishing, with grass, medicated salt, good old Florida water, sunshine and pure air.

The U. S. Sugar Corporation separated from several hundred crosses from Brangian and Hereford pure-bred herds, a herd of steers, which in mid-November had reached an average weight of 1000 pounds as "coming three's". After 115 days in the dry feeding lot they were weighed out at average of 1235 pounds. Until they were put in the dry lot, bermuda, sorghum and Pangola along with medicated salt and self-feeding of blackstrap was the diet. While in the dry lot they were fed grain and some cotton seed meal. In the dry lot they gained 235 pounds in 115 days.

Now comes the payoff. The 1000 pound steers—"coming three's"— had an average sale of 18c or \$180 per head. As corn fed finished steers they sold for 27c or a gain of \$97 on the 1000 pounds with which they gained 235 pounds in 115 days.

I like children, dogs, cats and even goats. I can stand a limited amount of noise of children barking of dogs, meowing of cats, but when a bawling goat is tucked under my nose and it is permitted to blat 24 hours a day, it is more than my nerve and patience can endure. That is a public nuisance that no neighborhood should be asked to endure. Our neighborhood over in Chavon would be pleased to be rid of this particular pest.

The mango trees are now all bloom with their bright blossoms, but record shows that not all the blooms develop into luscious fruit, as nature cares for a portion of the unpollinated bloom. For me, lots of mangoes.

I do not know where there is a prettier and more attractive spot than the Country Club of the Everglades. After the flood beating the land and club house building took the past season, things have come back amazingly well on the course and greens. Club house improvements have also been noticeable, especially the rearrangement of the cocktail bar and the kitchen with its new electrical equipment. The membership group have excellent club and course service, and every player is elated over the fine condition of the playing field. Club membership is also reported as on the increase.

Attend Orlando Conference-Banquet
 The Everglades branch of the National League and the Florida Grower's held a joint session at the Angelini Hotel in Orlando, last Saturday, to discuss Transportation and Tariff questions. In the evening at the Orange Court Hotel dining room a sumptuous banquet was served to some 50 guests. Harold Cole, executive vice-president of the Florida State
